

# CLEAR WINDOW CLEANER

## TECHNICAL DATA SHEET

Packaging	Code
Quart	200-4661
Gallon	200-4662
5g Pail	200-4663

### Description:

CLEAR is a quick cleaning, film free cleaner for glass and ceramic tile. Polishes as it dissolves and absorbs dirt and dingy film. May be used as is for heavier cleaning or outdoor cleaning in sub-zero temperatures. For a more economical use, dilute for normal window and mirror cleaning jobs. Contains ammonia and a special blend of solvents and volatile components to allow "streak free" cleaning. No films, no residue. Also great for cleaning chrome taps, fixtures, and appliances.

### Directions:

For heavy films and soils use 1:0 water.  
For most windows, mirrors, and glass surfaces use 1:4 water.  
Spray on or pour into a soft cloth and spread over the surface.  
Wipe off with a clean soft cloth.  
It is always best to work a small area at a time.  
Chrome surfaces may be polished with a clean towel.

### Features & Benefits:

Contains ammonia  
Concentrated with special solvents  
Quick action - no streaking  
May be diluted for savings  
Squeaky clean - no film

### Safety:

Personal Protection	B
Flammability	2
Health	2
Physical Hazard	0

0 =	Insignificant
1 =	Slightly
2 =	Moderate
3 =	High
4 =	Very high

### Specifications:

Physical State	Liquid
Odour	Ammonia
Specific Gravity	.97
Colour	Blue
pH	11.3
