

GLITTER CONCENTRATED CLEANER

TECHNICAL DATA SHEET

Packaging	Code
Gallon	210-4651
5g Pail	210-4652
Drum	210-4655

Description:

A concentrated, non-acid liquid cleaner designed to clean porcelain, tile and chrome to a "sparkling" new appearance. A balanced blend of builders, sequestrants, detergents and deodorants. Particularly effective on soap scum and bathtub ring; GLITTER will destroy dirt with one-pass action. It penetrates through the scum and ties up the hardness salts so that residues disperse and rinse cleanly away. Leaves your bathroom areas fresh and clean.

Directions:

Spray on and wipe clean.
For heavily soiled areas, allow 30-60 seconds contact time.
Rinse heavily soiled areas such as bathtub ring with water.
Wipe chrome surfaces clean and polish with a towel.
Dilute 1:15 water

Features & Benefits:

Powerful
Cuts through soap scum
Concentrated
Rinse free

Safety:

Personal Protection
Flammability
Health
Physical Hazard

0 =	Insignificant
1 =	Slightly
2 =	Moderate
3 =	High
4 =	Very high

Specifications:

Odour	Mint
Physical State	Liquid
Specific Gravity	1.041
Colour	Red
pH	.97
