

HYDRO-PRO

ALL PURPOSE DISINFECTANT

TECHNICAL DATA SHEET

Packaging	Code
4L	1564865-4L
20L	1564865-20L

Description:

A hydrogen peroxide based disinfectant cleaner and sanitizer for use on non-porous environmental surfaces in commercial, industrial and institutional setting such as hospitals, schools, nursing homes, offices, food processing facilities and barns where organic soils may be present.

To clean and disinfect hard non porous surfaces such as counters, tables, floors, walls, non-critical medical equipment, washroom fixtures, eating and drinking utensils and food processing equipment.

Kills 99.99% of bacteria, fungi, and viruses. Kills mold and mildew.

Active ingredient: Hydrogen Peroxide....8.00% w/w

Directions:

- Disinfecting/Sanitizer add 66mL of Hydro Pro per litre of water (1:15)
- Light Duty Cleaning add 8mL of Hydro Pro per litre of water (1:28)
- Medium Duty Cleaning add 16mL of Hydro Pro per litre of water (1:64)
- Heavy Duty Cleaning add 33mL of Hydro Pro per litre of water (1:31)

Pre-clean heavily soiled areas. Apply diluted product with mop or cloth or by spraying or pouring directly. Keep surfaces wet for 10 minutes.

Benefits:

- Sustainable solution, safer than chlorine bleach
- Clean, degreases, deodorizes and disinfects
- Safe for all washable surfaces
- Floor to ceiling cleaning solution
- Non-toxic

Specifications:

Colour	Clear
Specific Gravity	1.017
Odour	Lightly scented
pH	4-5
Physical State	Liquid
DIN Registration	02459167

Safety

Personal Protection	N/A
Flammability	0
Health	2
Physical Hazard	0
